First step: select at least 8 skills

Introduction

Want to get a picture of your own soft skills? Then first select which soft skills you want to assess for yourself. Select a minimum of 8. Each soft skill is assessed on the basis of 6 to 7 questions. Answer honestly for yourself: that way you also get a better idea of your strengths and your weaknesses. After answering you will immediately see a feedback report that you can download.

Fabrica 360

Dear
participant

Recently you have completed the KYSS questionnaire.

Based on your answers, this report will give you an idea of how you rate yourself based on a number of soft skills that are important in the 21st century job market. Find out what your strengths are and which ones you can still work on.

You will see that 16 soft skills are listed on the 'Your Results' page. If you did not select all 16 skills, no results will appear for those skills.
